Bulk Import Data Requirements v4

Please send your completed spreadsheet file, as an attachment, to: info@wherecanwego.com

These notes are to help you fill in the bulk entry spreadsheet, which can speed up entry if they are similar events at different venues, or several events at the same venue.

The spreadsheet is an alternative to the on-line event entry via the website, which you should use for individual events.

(Please note that the spreadsheet is not suitable for repetitive but non-continuous events eg events which take place on one or more days every week but not continuously at the same venue, or for events lasting over 30 days in total. These should be entered on-line.)

The following fields are all required for each event entry:
